

Function Response

Loaded into the foregrounds  
channel data register

Function	P-0 215 --- 20	P-1 215 --- 20	Description
20	0	0	Delay response until after refresh function is complete. <i>Refresh</i>
21	0	0	Immediate response
22	0	0	Delay response until after data is read and transferred to a node.
23	0	0	Immediate response
24	0	Status Register	Immediate response
25	C.M. erroring addr. 2314 --- 216	C.M. erroring addr. 215 --- 20	Immediate response
26	0	0	Delay response until after data is read from C.M.
27	0	0	Delay response until data is written into C.M.
30	Upper Access Reg. 263 --- 248	Upper Access Reg. 247 --- 232	Immediate response
31	Lower Access Reg. 231 --- 216	Lower Access Reg. 215 --- 20	Immediate response
32	0	0	Immediate response
33	0	0	Immediate response
